K - Special Trophy Classes .....	9, 10, 11, 12
L - Artist's Palette .....	12

## GENERAL RULES

1. This show is organized, staged and judged in accordance with the rules of the American Rose Society. Peninsula Rose Society rules shall prevail.
2. Unless otherwise noted in this schedule, competition is open to all rose growers regardless of residence. Exhibitors who qualify as novices may enter in Section "G". However, a novice may enter in any other section open to exhibitors not judging the show. Sections "I" is open to persons judging the show.
3. Each exhibit must be staged in conformity with the show schedule. Deviation from these rules shall be cause for disqualification of the exhibit. Wedges are permitted but must be below lip of container and unobtrusive.
4. Doors open to exhibitors at 7:00 AM. All entries must be in place and ready for judging by 10:00 AM, Sunday, May 3, 2015. NO ENTRY WILL BE ACCEPTED AFTER THIS TIME. Placement Committee will place all entries with the exception of Section "F" - Floating Roses - Section "K" - Special Trophy Classes, Section "L" - Artist's Palette and Section "M" - Rose Arrangements.
5. All roses must have been grown by the exhibitor in a private outdoor garden. Only one person or team from any one garden may enter a class. Arrangement classes are excepted unless otherwise specified.
6. The approved exhibition name, color, and class will be determined by the following ARS publications: Modern Roses, Official List of Approved Exhibition Names for Exhibitors & Judges, Handbook for Selecting Roses, Rose Registrations and online database for Modern Roses 12 (most recent source) on the ARS Website. In case of conflict between these sources, the latest one published shall take precedence. In case a variety is not listed in any of the above ARS official publications, the Combined Rose List\* may be used as a reference. All roses must be correctly named or the entry will be disqualified.  
  
\*In case of conflict between ARS publications and the Combined Rose List, ARS publications (particularly, the latest supplements to these publications) will be the final authority.
7. Any number of entries may be made by an exhibitor or team from one garden in each class - Sections "A" through "E" and "G" - provided each entry is of a different variety. Special Trophy Class "K" and Sections "F" and "L" shall be limited to one entry in each class per exhibitor or team from one garden. Violation of the foregoing shall result in disqualification of all entries by that exhibitor in the class involved. Section "I" shall be limited to two entries per exhibitor per class, provided each entry is of a different variety.
8. First, second, third place and honorable mention ribbons will be awarded in each class, if warranted. Four or more entries of the same variety in any one class shall be judged as a separate class. More than one first, second or third place ribbon may be awarded in a color class, at the discretion of the judges. However, in Section "K" there can be only one trophy winner in each basic class. The decision of the judges will be final.
9. Containers and entry tags for the specimen classes will be supplied by the Peninsula Rose Society, Inc. Entry tags must be completed on both the top and bottom portions with Section, Class, Variety Name and Exhibitor's Name and Address.
10. Peninsula Rose Society, Inc., will not be responsible for private containers, loss or damage to exhibits, or personal property of the exhibitors.
11. Entries may not be removed before 5:00 PM on the day of the show.
12. All trophies are awarded on a perpetual basis and remain the property of Peninsula Rose Society, Inc. Trophies will be awarded to blue ribbon winners only. PRS perpetual trophies shall be awarded only to PRS members. Non-members winning the blue ribbon in a perpetual trophy class shall be awarded a certificate for the class in lieu of the perpetual trophy.
13. Trophies and ribbons will be presented at the next monthly Peninsula Rose Society meeting following the date of the Show, held on the third Friday of the month at 7:30 PM in the Veterans Memorial Building, 1455 Madison Ave, Redwood City. **PRS members choosing not to take a trophy home will pay \$5 per trophy to the PRS for storage and polishing.**
14. No one shall be permitted on the show floor during judging except those duly authorized by the Chairman of Judges and/or approved by the General Show Chairman.

## HELPFUL HINTS

1. Grooming: Blooms and foliage should be cleaned of insects, fungus or spray residue, using a soft damp cloth, brush or other aid. Never apply any foreign substance, such as oil or wax, to improve appearance.
2. Foliage: Specimen blooms (except miniature or min-flora) should have at least two five-leaflet leaves. Miniatures and Mini-Floras should have at least one five-leaflet leaf. It is preferable to have more leaves to complement the bloom. Do not jam foliage into the bottle.
3. Hybrid teas: For one bloom per stem entries, pinch out side buds as soon as they are observed and removable. Do not wait until the day of the show. Bloom should be 1/2 to 3/4 open with high pointed center.
4. Grandifloras: Rules for Hybrid Teas apply to one bloom Grandifloras. Grandiflora sprays shall be judged by the same standards as floribunda sprays, but the "ideal" spray of an exhibition form grandiflora showing all blooms at exhibition stage shall take preference over one showing stages of bloom, if all other elements are equal.
5. Floribundas: Pinch out terminal bud of Floribunda sprays while buds are still immature. Sprays must have at least two open blooms.
6. Stems: A stem-on-stem specimen is subject to disqualification except roses entered in the Old Garden Rose, Shrub and species classes. Even then, an entry without a stem-on-stem condition is considered superior to an entry with stem-on-stem, all other elements being equal. Ensure that the stem is in water. If you remove the stem from water for as long as half a minute, snip 1/4 inch off the end to ensure drawing water.
7. Single Roses: Single roses are varieties with 4-8 petals and are at their most perfect phase of possible beauty when fully open, showing fresh stamens and anthers, which are subject to penalty for a color fault if golden yellow anthers have blackened.
8. Scale of Points for Judging Specimen Blooms:

Form	25
Color	20
Substance	15
Stem & Foliage	20
Balance & Proportion	10
Size	<u>10</u>
<b>Total Points</b>	<b>100</b>

## JUDGES

Arrangements: Donaldina Joung  
Martin Kooi
